

Mike Eidlin has worked for us from time to time for over ten years. He has always arrived at the scheduled time, and has always left the work site tidy, even if he was coming back the next day.

He is diligent in his work, itemizes his bills, and we think that his work is of high quality. He also honestly advises us as to whether repair or replacement is needed.

Listed below are some of the different kinds of work he has done in our home:

- replaced roof tiles
- repaired roof overhangs
- replaced weatherstripping on windows and doors
- caulked windows and doors
- repaired screen doors
- refitted storm doors
- repaired roof gutters
- replaced rotted wood
- repaired drywall
- realigned window screens
- repaired windows
- and other small repairs and adjustments.

We confidently recommend him to do this kind of work.
