Re: Mike Eidlin and Homeowner's Handyman Service

I am a busy real estate broker in Maryland and Washington, D.C. with many clients who need contract services for big and small jobs. Over the past several years I have relied on Mike Eidlin to help my clientele with their contracting needs. He has been reliable and his work is excellent. He returns calls, stands by his work and keeps his job sites clean. His manor is pleasant and he is very service oriented.

Most important, whenever something goes wrong at my own house, my wife calls Mike. I highly recommend Mike Eidlin's service and am happy to talk with anyone about it. My number is 301-622-2222 x1.

Thanks you.
