

I am pleased to recommend Mike Eidlin for home repairs. I have called on Mike to do repairs to our home on numerous occasions for nearly 15 years now and he has always done quality work. The jobs I have had Mike do have included major repairs such as shingling the roof and replacing the deck, minor repairs such as weather-stripping around doors and replacing door handles, and lots of repairs in between such as replacing window frames and rotten wood siding. When it comes to home repairs, Mike knows what needs to be done and he does it right.

Sincerely,

William
